# Don't let this guy ruin your vacation!

## Protect Your Valuables

A message on protecting your personal items while enjoying your stay in Lincoln City.

# Welcome Visitors & Friends

## Greetings!

Thank you for coming to visit the lovely Lincoln City area! We hope your time in our City is fun, enjoyable, and safe. We at the Lincoln City Police Department, along with members of the local hotel, motel, and other vacation rental communities, would like to pass on some important information about protecting your personal property during your stay.

Even as a small, cozy, coastal community, we are not immune from crime. Nothing can ruin a vacation faster, than discovering someone broke into your vehicle and your valuables are missing.

Here are a few important Safety Tips to protect your belongings during your stay:

### 1. DO NOT LEAVE VALUABLES IN VEHICLE!

Take them inside your hotel room or lock them inside the trunk, out of view.

2. Make sure your vehicle remains locked at all times when not present.
3. Park in well lighted areas-More than 1/2 of vehicle thefts occur at night.
4. Take your keys-Nearly 20% of stolen vehicles had keys in them.
5. Do not hide a 2nd set of keys in your vehicle-They can be easily found if the thief takes time to look.

6. Do not leave important papers (vehicle title, check book, ID, etc) inside vehicles.

## WHAT TO DO IF YOU BECOME A VICTIM?

If you see a crime in progress,

**CALL "911"**

If you discover the theft after it occurred:

1. Do not touch or move items at the scene.
2. Report the crime to the Lincoln City Police Department at:  
(541) 994-3636
3. Try to prepare a list of missing/stolen property with as much detail as possible for responding police.
