METHOD OF SCREENING:
OF GROUND-MOUNTED MECHANICAL UNITS: 2
METHOD OF SCREENING: Equipment within the existing leased area.
NOTE: GROUND-MOUNTED MECHANICAL UNITS ARE LIMITED TO THE SIDES OR REARS OF BUILDINGS. NOTE: STANDPIPES, METERS, VAULTS, AND SIMILAR SHALL NOT BE ON A FRONT ELEVATION.
AT A MINIMUM, THE SUBMITTAL SHALL INCLUDE THE FOLLOWING:
EXISTING CONDITIONS PLAN: (The Existing Conditions Plan MUST be its own separate sheet, NOT
combined with any other plan sheets.)
_ North arrow, scale, date of plan
_ Vicinity map
 Entire site, including square footage of each tax lot, interior and exterior property lines dimensione Tax map and lot number(s) of the site labeled
_ Points of existing access, interior streets, driveways, parking areas, with labels and dimensions Location of all existing buildings, structures, fences, retaining walls, etc.
Label all existing buildings, structures, fences, retaining walls, etc. and indicate Remove or Remain
Existing right-of-way and street improvements, dimensions, and street names
_ Existing topographical information, showing 2-foot contours
Location, dimensions, types identified of existing public and private utilities and easements
_ Flood Zone (if none, indicate accordingly by note on the plan)
_ Significant Riparian (if none, indicate accordingly by note on the plan)
_ Significant Wetlands (if none, indicate accordingly by note on the plan)
Bluff Erosion Hazard zones (if none, indicate accordingly by note on the plan)
_ Aesthetic Resource (if none, indicate accordingly by note on the plan)
_ Existing trees, vegetation, and landscaping
_ Any other existing features on the site
SITE PLAN:
_ North arrow, scale, date of plan
_ Entire site, including square footage of each tax lot, interior and exterior property lines dimensione
_ Label the site's tax map and lot number(s)
Points of access, interior streets, driveways, parking areas, drive aisles, all dimensioned and labeled
_ Location and use of proposed structures and buildings, all dimensioned and labeled
_ Location, height, type of material all proposed fences and retaining walls
_ Dimensions and location of all improvements, setbacks, parking spaces, clear-vision areas, etc.
Proposed right-of-way dedication (if none, indicate accordingly by note on the plan)
_ Location and type of any areas dedicated to city (if none, indicate accordingly by note on the plan) Location, dimensions, types of existing and proposed public and private utilities and easements

Development Review Application Updated January 2022

Location of existing and proposed fire hydrants
_ Flood Zone (if none, indicate accordingly by note on the plan)
Significant Riparian (if none, indicate accordingly by note on the plan)
Significant Wetland (if none, indicate accordingly by note on the plan)
Bluff Erosion Hazard zones (if none, indicate accordingly by note on the plan)
_ Aesthetic Resource (if none, indicate accordingly by note on the plan)
Existing buildings, structures, fences, and retaining walls that will remain
Existing trees that will remain
Site plan shall not show any existing building, structures, fences, walls, trees to be removed
Show the direct connection between the primary entrance and public sidewalk
_ Distance between primary entrance and public right-of-way
OFF-STREET PARKING, LOADING, AND CIRCULATION PLAN: (see LCMC Chapter 17.56)
Parking layout, dimensions of stalls, drive aisle locations and dimensions, directional arrows
Location and dimensions of accessible parking spaces
Location and dimensions of RV/bus parking spaces
Driveway approaches, dimensions, directional arrows, clear-vision areas
Location and dimensions of loading spaces
Location and dimensions of bicycle parking spaces
Location, height, and total number of parking lot light poles
Location and dimension of parking landscape islands
Location and dimensions of parking lot perimeter landscape buffers
Location and dimensions of wheel stops and curbing
_ Identification of types of surfacing (asphalt, concrete, pervious asphalt, pavers, etc.)
_ Identification and dimensions of pedestrian crossing areas and accessible routes to the public way and building entrances
LANDSCAPE PLAN: (see LCMC Chapter 17.55)
Notation of total gross area of the site
Notation of the percentage of the total gross area of the site landscaped with live vegetation
_ Three distinct and separate landscape areas labeled, dimensioned, and square footage of each
Location of trees (either existing to remain or to be planted) totaling one/20 feet lot perimeter
Location of shrubs (either existing to remain or to be planted) totaling one/10 feet lot perimeter
Location and type of living ground cover in each of the three separate landscape areas
Parking landscape island locations, dimensions, type of tree in each
_ Table with name of each plant to be planted, total number of each plant to be planted, size at time of planting per LCMC 17.55.050.A.4
_ Location and identification of type of proposed nonliving ground cover materials per LCMC 17.55.040.C
Notes regarding selection of materials, preparation, and installation per LCMC 17.55.050 Irrigation and maintenance per LCMC 17.55.060
Location and dimensions of clear-vision areas per LCMC 17.55.070 and 17.52.060
Location and type of any living landscaping as screening per 17.55.080

6	Location, dimensions, square footage of common open space areas (if multi-unit residential or attached single-unit dwelling development)
	Location and type of amenities provided in the common open space areas (if multi-unit residential
17	or attached single-unit dwelling development)
-	Pedestrian spaces, square footage, dimensions, amenities (if development is anything other than multi-unit residential)
EXTERI	OR LIGHTING PLAN: (see LCMC Section 17.52.150)
-	Location and height of proposed light poles (if none proposed, note accordingly)
12	Luminance at the property line
	Luminance of outdoor sales displays, outdoor storage areas, service station canopies, similar areas
2	Luminance of parking lots
	Illumination limits for proposed wall washing (if none proposed, note accordingly)
	Proposed lighting for pedestrian ways and building entrances, type, location, foot-candles
	Locations, types, sizes, heights of all exterior lighting fixtures
	Cut sheets of proposed exterior lighting fixtures
	Photometric plan analysis
	The Exterior Lighting Plan, Photometric Plan Analysis, and Cut Sheets submittal may be deferred
	to the building permitting stage at the discretion of the Planning & Community Development
	Director. Please sign this line if a deferral of these items is requested, acknowledging
	that all required exterior lighting items will be including with the submittal of the building
	permit application:
TREE P	ROTECTION AND REPLACEMENT PLAN:
2	Identification of location, size, health, and species of existing trees
	Statement that any trees proposed for removal will be identified by a method obvious to city staff,
	such as tagging, painting, or flagging, in addition to clear identification on construction plans
	Detailed description and map of proposed tree replacement, including number, size, species,
	and proposed locations
-	Method of tree protection for the preserved trees during clearing and construction
STREET	S AND RIGHT-OF-WAY IMPROVEMENTS:
	Location and dimensions of required sidewalk, curb, gutter improvements
	Location and section of pavement improvements
PRELIM	INARY UTILITY PLAN:
	Location and size of existing and proposed water main lines, service lines, and system features
911	Location and size of existing and proposed sanitary sewer main lines, service lines, and pump stations
PRELIM	TNARY GRADING PLAN:
	Existing and proposed grading (excavating/cutting and filling), including proposed contours
9	Existing and proposed stormwater detention, treatment, and drainage features and facilities

ARC	CHITECTURAL ELEVATIONS: (all information required on every elevation)
	Entrances labeled
	Length of building along street frontage
	Width of building
	Height
	Label with both the direction and the orientation (example: front west elevation, rear east elevation
	side north elevation, side south elevation)
	Percent of transparent windows adjacent to public right-of-way
	Square footage of every individual wall plane
	Length of each façade/individual wall plane
	Depth of recesses or projections of each wall plane
	Dimensions of pedestrian shelters and weather protection
	Depth of upper floor stepbacks
	Identify and label parapets, gables, towers, design elements
	Identify and label bay windows, roof decks, balconies, bevel, notch, or rounded corners
	Include a note stating the type of primary roof form
	Include a note stating the type of secondary roof form
	State the roof pitch on each elevation
	Identify and label the types of changes in plane
	Label the base, body, and cap of each wall plane if the building is over 25 feet in height
	Label the 30-inch mark and the 80-inch mark above sidewalk grade on each ground-floor plane
	Label the percentage of transparency between the 30- and 80-inch mark
	_ Identify the color and types of materials of exterior building materials and roof
	Identify and label, with dimensions, the required building form elements (only for multi-unit
	residential) (see 17.74.130.C)
WR	ITTEN NARRATIVE:
	_ Narrative must address, in detail, every applicable chapter and section of Title 17
SUF	PPLEMENTAL DOCUMENTS, AS APPLICABLE:
	Floodplain Development Permit Application and Elevation Certificate
	_ Geologic Hazard Report
	Wetlands Delineation Report
	Traffic Impact Study
	Other studies or reports identified as needed by the Planning & Community Development Director

My/our initials indicate that this application includes all applicable attachments listed above and that the Development Review Application will not be accepted by Lincoln City Planning and Community Development for processing unless/until all applicable attachments are submitted.

I (We) hereby declare under penalty of perjury under the laws of the State of Oregon that the foregoing information is true, complete, and accurate. I (We) have read and fully understand, and agree to meet, all requirements for the proposed development as outlined in Lincoln City Municipal Code and reflected in this application. I (We) acknowledge that it is our responsibility to know all applicable codes, rules, regulations, and standards, and to design, develop, and construct the project in compliance with all applicable codes, rules, regulations, and standards.

I (We) acknowledge that providing false information in the application shall be a violation and grounds to deny the application and void the approval.
