# Lincoln City Urban Renewal Agency 2017-18 Budget Message April 17, 2017

This budget represents the Agency's third year of its Underlevy Plan; a ten-year extension of the Agency's activities and projects for the Urban Renewal District. The Underlevy Plan reduces the District's available revenue by 80% while providing the opportunity to fund important north end Public Works Infrastructure, Community Vision projects and Economic Development funding through grants and loans to local partners and businesses.

The Agency's final bond for the District (\$2,987,000) is reflected in the URA Construction Fund (833) of this budget and earmarked for projects and programs to be determined.

# **Proposed Budget 2017-18**

Presented here is the 2017-18 proposed budget, outlining projects to be completed or initiated. This document reflects the project categories identified for funding by the Agency and the intent of the <u>Year 2000 Development Plan</u>, the guiding document from Agency formation in 1988.

Roads End South Sanitary Sewer Lift Station. This project is a Public Works Partnership Project that went through a preliminary design process in FY 15-16. The estimated construction cost (\$1,271,000) and other associated expenses exceeded the funding available from the Urban Renewal Agency and City funds to make up the difference were not available. The Design Team made modifications to the plan that reduced the cost and still increased the capacity. In FY 16-17, the Agency earmarked \$1,095,227 in Additional Capital Reserve for the project. In January the Agency awarded the construction contract for \$627,154. The project will be well underway in FY 16-17 so \$325,000 is in this budget for completion of the project.

The former **DeLake** School, an Agency owned building, continues to be leased by the Lincoln City Cultural Center (4 C's). This building is in process of being transferred to the City. Capital funds for the building are included in the City's Budget, in the Economic Development department in the General Fund.

The 2008 **Cutler City** Community Vision & Corridor Plan, from the most recent district planning effort, identifies a group of related projects for consideration in this budget year.

Marketing efforts for Economic Development Programs in conjunction with the 2014 expansion of the district boundary has sparked renewed interest in the Agency's Programs. Programs include no-to-low interest loans for businesses and property owners located in the Urban Renewal District and grants for our local Economic Development Partners.

The **Property Rehabilitation** (**Façade Improvement**) **Loan Program** is a no-interest, revolving fund that was established in 1999 with \$1.2 M, as an effort to assist property owners with building façade improvements after the Taft Village Revitalization Plan. In 2013, the Agency also made available no-interest **Energy Efficiency Loans**, low-to-no-interest **Business Expansion Loans**, and a **Local Program Support Grant**. In 2014, the Agency approved a 2-year pilot project to partner with the Bay Area Merchants Association to fund a **Downtown Manager**.

Since 1999, the Agency has made over 40 loans with original and revolving funds of approximately \$1.85 M. Of the loans, 2 are through the Energy Efficiency Loan Program (\$110,692) and all remaining loans are through the Façade Improvement Loan Program. To date, no loans have been made for the Business Expansion Loan Program. Annual loan repayments are approximately \$60,000 and replenish the fund which can be applied to programs.

\$330,402 832-000-6370130 Property Rehabilitation (Façade Improvement Loan) \$150,000 832-000-6570150 Economic Development Loan Programs (Energy Efficiency & Business Expansion)

The **Economic Development Grant Program**, which the Urban Renewal office administers with our local Economic Development Partners, has been an overwhelming success. This includes the Local Program Support Grant and Downtown Manager Program.

The Local Program Support Grant has been used for the past four years by the Oregon Coast Community College Small Business Development Center (SBDC), which provides opportunities for workforce development and training for business owners and employees within the District.

Funds are also proposed to continue the second year of a 2-year pilot project through a partnership with the Bay Area Merchants Association (BAMA) to fund their Downtown Manager.

\$28,000 832-000-6370155 Economic Development Grant Program

The Agency should consider a revisit of the Economic Development Toolbox of options and consider additional programs which would support local business retention and expansion as well as employment opportunities. Existing programs may also have opportunities to further Agency objectives.

\$20,000 832-000-6370155 Economic Development Grant Program

As the economy continues to show signs of improvement, opportunities for **Property Development** will continue to be pursued for Agency-owned sites on NW 15<sup>th</sup> Street, the D River, SE 32<sup>nd</sup> Street, and SW 51<sup>st</sup> Street. NW 15<sup>th</sup> Street which has a development concept will be the focus in this budget. The Agency wishes to sell or lease these properties through a development agreement in order to achieve community, City, and Agency objectives. This budget presents funding for associated costs such as marketing and closing costs and for the Agency to work with a certified, licensed real estate brokerage firm to assist staff in moving forward with development projects.

\$10,000 830-000-6201119 Contracted Services – Realtor Services \$27,000 830-000-6201119 Contracted Services – Property Development

Urban Renewal has proven to be a successful funding program for Lincoln City to leverage District funding otherwise not available to complete numerous Public Works infrastructure projects, upgrades to our Visitor Facilities and Parks and the ability to provide low-to-no interest loans and grants. With the Agency's last bond sale for this District, focus will continue working alongside the City's Public Works Department on completing Cutler Community Vision Projects and the City's NW 50<sup>th</sup> (Roads End) Pump Station Improvements. Staff is poised to implement any number of additional projects using the final bond funds at Agency direction. Within Urban Renewal's capacity, this can include:

- DeLake Utility Undergrounding
- Economic Development Toolbox
- Sanitary Sewer Line / Storm Water Improvements
- Teen / Youth Center
- Homelessness Center
- Workforce Housing
- Child Care Facility (noted in Economic Development Toolbox)
- Internet Access / Community Fiber / Broadband
- Parks

\$3,578,007 833-000-6370400 Additional Capital Reserve
