RESOLUTION NO. 2022-05

A RESOLUTION OF THE CITY OF LINCOLN CITY ESTABLISHING PARKING AND TRAFFIC CONTROL MEASURES FOR NE DEVILS LAKE BOULEVARD AND VOYAGE AVENUE WITHIN THE VILLAGES AT CASCADE HEAD DEVELOPMENT

RECITALS

Pursuant to LCMC 10.08.010, the City Council may exercise Traffic and Parking Control authority by Resolution of the Council; and

The establishment of parking controls, including but not limited to parking areas and time limitations, prohibited parking, parking permits and metered parking is expressly listed as within the authority of the City Council; and

The City Council has mandated in the code that the exercise of municipal traffic control and parking authority be based upon engineering considerations, and not on any other basis; and

The Police Department has reported parking and traffic congestion on NE Devils Lake Boulevard between the intersection with NE Voyage Avenue and the Cul-de-sac. Officially, pursuant to traffic control resolution 2014-28, this portion of NE Devils Lake Boulevard is closed to the public. In police video, trailhead parking on both sides of the street creates an impassible route for emergency vehicles. Accordingly, the City Engineer finds and determines that there is inadequate street width to permit on-street parking on both sides of the street. The City Engineer recommends an exercise in Parking and Traffic Control authority by the City Council to prohibit on-street parking on one side of the street for NE Devils Lake Boulevard within the Villages and on that portion of NE Voyage Avenue within the Villages property.

Based on the engineering review, the City Council finds and determines that there exists an engineering basis for an exercise of municipal parking and traffic control authority, specifically to prohibit on-street parking on one side of the street for the full length of NE Devils Lake Boulevard and Voyage Avenue within the Villages at Cascade Head Development.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF LINCOLN CITY, AS FOLLOWS:
