applicable approval and such amendment must be consistent with such laws and ordinances as may be in effect at the time of such Amendment. For subdivisions, ORS 92.040 is expressly understood to protect preliminary and final subdivision plat approvals from the application of new subdivision construction laws, except when amendments are proposed, in which case such amendments, *to the extent of the amendment*, must be consistent with the law in effect at the time of the proposed change.

8.3 Notwithstanding the timetable of development, and subject to unilateral amendment by the City to address public health, safety and welfare regulations, in the event that all or a portion of the Name of Project should be destroyed by a storm, fire or other common disaster, the OWNER, its grantees, successors or assigns and/or the Association(s), shall have the right to rebuild and/or repair so long as there is strict compliance with this Agreement, the Preliminary and Final Master Plans (PUD), Master and Final Site Plans (non-residential), and as applicable, Preliminary and Final Plats, approved construction plans and permits, as the same may be formally amended from time to time.

Subject to compliance with the internal project timetable set forth in **Exhibit E**, the duration of the Agreement shall be for NEGOTIABLE - the maximum fifteen (15) year period authorized by ORS 94.504. Termination of the duration of this Agreement only terminates authorization to engage in physical construction and development of the property, excluding vertical construction of detached single family dwelling units on individual platted lots (for residential projects only). To the extent this agreement incorporated the development approval, this Agreement remains in full force and effect for purposes of development approval authorization for the completed project, including all continuing maintenance obligations.

10.0. PROVISION FOR THE RESERVATION, DEDICATION OR DONATION OR SALE OF LAND FOR PUBLIC PURPOSES. [ORS 94.504(2)(e)]

Here express any donations, dedications of real property to the City or to the public, including interests in land (right of way, easements, ...)

Examples: Dedication of Easement. Reciprocal easements for access; All project infrastructure and amenities to be dedicated to the public or to the City – e.g. streets, parks, utility easements

11.0 SCHEDULE OF FEES OR CHARGES. [ORS 94.504(2)(f)]

All development authorized in the Name of Project is subject to payment of applicable System Development Charges (SDC's) and utility fees and charges at the applicable trigger times, usually building permit issuance, as specified in the SDC ordinances and other codes in effect at the time development occurs. Unless otherwise stated, this Agreement does not award or grant any SDC credits to any party nor does this Agreement freeze or otherwise fix the SDC charges for development referenced herein.

Such other fees and charges, (e.g. such as proportionate share contributions of public infrastructure) are set forth **Exhibit F** (Special Conditions) and incorporated herein by this reference.

Note: It is possible to prepay all applicable SDCs and lock in the rate – there is no reason to do this unless a facility is constrained or approaching constraint and the owner desires to reserve available capacity. Such reservation would however be subject to compliance with the approved timetable of development.

Also: SDC credit is generally granted after completion of improvements, notwithstanding this, the parties can process and agree to credit, assuming final inspection and inspection of the improvement occurs as per the timetable of development.

12.0 RESPONSIBILITY FOR INFRASTRUCTURE. [ORS 94.504(2)(h)]

Except where otherwise provided, the OWNER is fully responsible for the construction of all infrastructure development to support the Name of Project including public facility improvements (street/traffic improvements, water, sewer and storm water) recreation improvements, common area improvements and restoration and enhancement of natural areas, and internal project infrastructure, including utilities, and amenities, both on-site and off-site and as required by the Lincoln City Municipal Code, including City Engineering Standards, as more fully set forth in the Findings of Fact, Conclusions of Law and Order attached to the Ordinance approving the Development Agreement, incorporated herein and made a part hereof by this reference.

Subject to the Budget and other Disclaimer provisions of this Agreement, the City will construct or will participate in the construction of the following infrastructure:

- Set forth project, parties responsible, allocation of cost and expense, (e.g. City shall contribute to the cost of "oversizing" the following facilities ... explain approval subject to approval of City Engineer ...)

13.0 RESPONSIBILITY FOR COMMON AREAS.

The Lincoln City Municipal Code requires that common areas, including shared open space, be shown on the preliminary and final master plans, master and final site plan and plats. The Code further requires that the OWNER make adequate provisions for the continuing maintenance and upkeep of common areas by an association or other legal entity. The City is not required to accept dedication of common areas. **For PUDs:** The application indicates that the OWNER will establish covenants, conditions, and restrictions (CC&Rs) and an OWNER's association and that the association shall be responsible for enforcement of the CC&Rs as well as ownership and maintenance of common areas, including maintenance of landscape tracts within right-of-ways and restored open space tracts. The parties agree that the following common area maintenance provisions shall apply:

13.1 The OWNER shall create a Declaration of Covenants, Conditions and Restrictions for Logan Park, (hereinafter the "CC&R"). CC&Rs shall refer to the terms and conditions of this Development Agreement including the administrative enforcement provisions of this agreement and the ability of the City to enforce and assess the Association for the maintenance of common areas as well as the enforcement provisions of Chapter 17.84 of the Municipal Code concerning violation of any Order issued pursuant to Title 17, including site plan approval. As a part of said Covenants and Restrictions, the Association shall be established for the maintenance, operation and management of the Common Areas as defined therein. All of the above areas in the PUD are designated and shown on the Preliminary Master Plan which is attached hereto as **Exhibit "D"** and made a part hereof. All such areas shall be shown on final plans and plats. The CCR shall be part of the first application for Final Master Plan approval and shall be in conformity with the LCMC and Oregon Revised Statutes.

13.2 It shall be deemed a breach of this Agreement for any land to be conveyed by the OWNER by an instrument which does not contain the Covenants, Conditions and Restrictions or incorporate them by reference. The Association shall not be dissolved nor shall it dispose of any Common Areas, by sale or otherwise, except to an organization conceived and organized to own and maintain the Common Areas, without first receiving approval of the City. The City, as a condition precedent to the dissolution or disposal of Common Areas, may require dedication of common open areas, utilities or road rights-of-way to the public as are deemed necessary.

13.3 In the event that the Owner or Association (or any successor organization) fails at **Ordinance Attachment 1 - DEVELOPMENT AGREEMENT FOR "Name of Project"**

any time to maintain the Common Areas in reasonable order and condition in accordance with the approved Plan(s), including any specific plan for restoration and maintenance of the natural areas, then the City may treat such failure as a violation of the development approval as provided in Chapter 17.84. As an alternative to the Notice of Violation Procedures, the City may serve written notice by certified mail, return receipt requested, upon such entity or upon each OWNER of real property with an interest in the common areas, which notice shall set forth the manner in which the entity or owner has failed to maintain the Common Areas in reasonable order and condition, and shall demand that such failure be remedied within thirty (30) days of the sending of such notice or, in the alternative, that such organization appear before the City Council or their designee at a specified time (at least ten (10) days but not more than thirty (30) days after the sending of such notice) either to contest the alleged failure to maintain the Common Areas or to show cause why it cannot remedy such failure within the thirty (30) day period. If such failure has not been remedied within the thirty (30) day period or such longer period as the City may allow, then the City, in order to maintain strict compliance with development authorizations, and in order to preserve the taxable values of the real property within the Projectand to prevent the Common Areas from becoming a public nuisance, shall hold a public hearing to consider the advisability of the City entering upon such Common Areas and maintaining them for a period of one (1) year. Notice of such hearing shall be sent by certified mail, return receipt requested, to the organization involved and (if such organization is dissolved) to each OWNER of real property within an interest in the common areas and shall be published in a newspaper of general circulation published in Lincoln City, Oregon. Such notice shall be sent and published at least fifteen (15) days in advance of the hearing. At such hearing the City may determine that it is or is not advisable for the City to enter upon such Common Areas, take non-exclusive possession of them and maintain them, according to City standards and any preservation areas management plan, if any, for one (1) year. Such entry, possession and maintenance when followed in accordance with the above procedures shall not be deemed a trespass, or seizure, and shall be deemed entry and possession with consent. In no event shall any such entry, possession and maintenance be construed to give to the public or the City any right to use the Common Areas.

13.4 The City may, upon public hearing with written notice given in the same manner as above, return possession and maintenance of such Common Areas to the organization, or successor organization, abandon such possession and maintenance, or continue such possession and maintenance for additional one (1) year periods.

13.5 The cost of such maintenance by the City, including the full administrative cost of the notice and hearing processes identified herein and outlined above, shall be assessed ratably against the responsible legal entity or property owners of which an interest in the common areas and shall become a charge or lien on said properties if not paid within thirty

(30) days after the receipt of a statement therefore.

14.0 ASSUMPTIONS UNDERLYING AGREEMENT AND CHANGED CIRCUMSTANCES. [ORS 94.504(6)]

The assumptions underlying this Agreement, specifically as regards the ability of the City to service the Development with regards to public facilities, are set forth herein, or are included in the Findings of Fact, Conclusions of Law and Order, attached to the Development Agreement Ordinance and incorporated into or referenced in this Agreement. In sum, this agreement is being entered into at a preliminary development order stage, or earlier, and the parties acknowledge that adequate public facility service is at this point fully feasible, but not at this point guaranteed. The conditions of approval identify areas where additional study is needed; at this point the assumption is that City has adequate public facility capacity to provide necessary services to the of Project, given the extended timetable of development.

In particular, the terms, conditions and restrictions of this Agreement as well as the law in effect at the time further development approvals are sought, determine the ability of the development to be served. Given the extended timetable of development, the possibility that intervening development will utilize existing capacity remains possible. OWNER has not "reserved" capacity via prepayment of applicable SDC fees and payment of ongoing utility base charges. In the event of changed circumstances, this Agreement provides for permitted amendment, modification or revocation. The parties will work together in good faith to find a solution to cure any inability to provide services or otherwise comply with the terms of this Agreement. This Agreement specifically contemplates development of the Name of Project as shown on the Preliminary Master Plan (PUD) / Master Site Plan in accordance with the approved timetable of development.

15.0 BUDGET AND GENERAL DISCLAIMER. [ORS 94.504(5)]

All City obligations pursuant to this Agreement which require the expenditure of funds are contingent upon future appropriations by the City as part of the local budget process. Nothing in this Agreement implies an obligation on the City to appropriate any such moneys. City acknowledges that following the required review and approval of a Final Site Plan / Final Master Plan (PUD) for adequacy of public facilities, and approval of final civil plans (construction plan approval) and associated construction permits, the determination for issuing building permits for the construction of buildings on the Property is not an obligation that would require the expenditure of funds and, therefore, is not contingent upon future appropriations by the City.

The City and OWNER are entering into this Agreement voluntarily in the spirit of cooperation and coordination to facilitate the OWNER's desire to develop summarize project. The City desires to facilitate _____.

However, nothing in this Agreement makes the City or OWNER responsible for the contracts or commitments of the other as regards development of the Name of Project or as regards public improvements constructed by OWNER with the intention of donating such facilities to the City. The OWNER is not subject to public contracting rules and regulations and nothing herein makes OWNER subject to such public agency requirements.

OWNER is not the City's agent and City is not the OWNER's agent for purposes of any contracts or commitments made by either party. OWNER acknowledges and agrees that future final approvals, including final master plan(s), final site plans, final plat approval(s), final civil plan (construction plan approval) and construction permits and building permits are subject to compliance with all applicable approved preliminary master plans (PUD), master site plan (non-PUD), approval conditions and applicable land development regulations in effect at the time the approvals are sought, except as may be provided for infrastructure construction in ORS 92.040 or as otherwise provided in this Agreement. Except as expressly provided herein, no rights to obtain final development approvals nor any other rights to develop Name of Project have been granted or implied simply by the City's approval of this Development Agreement, including the donations, dedications and land exchange contained herein, without OWNER's full compliance with approved preliminary and final plans, approval conditions and the applicable law in effect at the time such final approvals are sought. The OWNER, or its successors and assigns, may not attempt to force, coerce or intimidate the City to approve the final master plan, final site plan, plat or other development authorizations, including building permits, without full compliance with this Agreement and incorporated approval conditions, by asserting that the City has committed to such approvals for Name of Project based on the theory of vested rights or equitable estoppel or any other legal theory based solely on the City's approval of this Agreement, or acceptance of donations, dedications. City approval of final development orders requires strict compliance with applicable approval conditions and the applicable criterion for approval.

18.2 In the event either party believes a material breach of the terms and conditions of this Agreement has occurred, whether by action or inaction of a party, the injured party shall serve written notice on the other of the alleged breach and the other party shall have thirty (30) days to cure or respond in writing to the injured party. In the event of a disagreement after the exchange of writings, the City Manager shall set a time, date, and place for a public meeting of the City Council. The meeting shall give the City Manager and the OWNER an opportunity to explain to the Council the facts supporting or disproving the alleged breach, and allow the parties to propose a method of fulfilling this Agreement's terms and conditions. The parties may mutually negotiate an amendment to this Agreement to cure the alleged breach, and approve such amendment, after required notice, hearing and ordinance procedures are followed. Material breach includes but is not limited to any assignment by a party for the benefit of creditors, or adjudication declaring bankruptcy, or appointment of a receiver, trustee or creditor's committee over a party. Material breach also includes failure to proceed with the development authorized in accordance with development approvals, including specifically compliance with the Timetable of Development.

18.3 Until termination or revocation of this Development Agreement, the terms of this Agreement are enforceable by any party to this Agreement. [ORS 94.522] The parties stipulate and agree that enforcement in Circuit Court is subject to the prerequisite administrative process set forth herein. Similarly, land use enforcement proceedings shall be preceded with the informal process set forth above. Thereafter, each party shall have all available remedies at law or in equity to recover damages and compel performance of the other party pursuant to this Agreement. The rights and remedies afforded under

this Agreement are not exclusive and shall be in addition to and cumulative with any and all rights otherwise available at law or in equity. The exercise by either party of any one or more of such remedies shall not preclude the exercise by it, at the same or different time, of any other remedy for the same default or breach or of any of its remedies for any other default or breach by the other parties, including, without limitation, the right to compel specific performance

18.4 In no event shall an injunctive order be issued which would require Lincoln City to issue a development approval or permit in violation of the Lincoln City Municipal Code, State Statutes or the terms and conditions of the Preliminary Master Plan approval or subsequent final approvals. This provision does not limit the available remedies for other forms of breach. The parties agree that the prevailing party shall be entitled to attorney fees and costs in the event of litigation, including any appeal, to enforce this Agreement.

18.5 In the event of a material breach by the OWNER, City may, but is not required as a prerequisite to legal action, pursue land use revocation or termination of this Agreement in accordance with the following administrative process:

If at the public hearing to revoke or terminate this Agreement, the City finds, based on substantial competent evidence, that the OWNER is in material breach of this Agreement, and an amendment to this Agreement to cure the breach is not appropriate, the City may revoke and terminate the Development Agreement and the development authorization for all or part of the Name of Project. The breach hearing shall be held concurrent with a revocation hearing held pursuant to the Lincoln City Municipal Code which may include revocation of one or more of the following: development agreement, annexation, comprehensive plan designation, rezoning, master site plan, final site plan, PUD preliminary master plan, PUD final master plan, construction plan approval, building permits. The City may initiate any necessary actions, including but not limited to a comprehensive plan and zoning amendments to cause the property to revert to its immediately pre-existing land use and zoning designation, or to rezone to the most appropriate land use and zoning designation for the property involved. Public hearings on such land use and or zoning amendments shall follow those procedures in effect for voluntary requests for land use amendments and rezonings, including any applicable hearings before the Planning Commission. The OWNER shall reimburse the County for all reasonable costs associated with breach of the Agreement, including, but not limited to, planning, engineering, and legal costs, legal notice and mailing costs, as well as any applicable application fees.

In the event of a breach of this agreement, and any termination or revocation of this Agreement or underlying development orders, no further construction authorization or building permits shall be issued to the OWNER (or to its successors in interest) based upon the development approvals found to be in violation. In the event of revocation of approvals, those portions of the property which may have buildings or structures constructed upon them in conformity with the development plans shall thenceforth be regarded as nonconforming uses with respect to the any revised land use or zoning classification.

In lieu of revoking this Agreement, development orders and the development authorization, City may agree to modify this Agreement upon a finding that such modification is in the best interests of City and the public. It is further agreed by the OWNER and the City that all costs incurred by the City for the breach and revocation proceedings shall be paid by the OWNER. However, no costs shall be assessed against the OWNER if the result of the hearing or upon review by the Court, is a finding that the City is in material breach of the Agreement, or that the OWNER is not in material breach.

If assessed costs are not paid by the OWNER, the City is empowered to place a lien against the property in the amount of the unpaid costs. This provision shall not be interpreted to provide an exclusive remedy, and either party may pursue any appropriate remedy at law or equity in the event the other party or its successors in interest fail to abide by the provisions of this Agreement. If OWNER disagrees with City's decision concerning revocation or termination of this Agreement as set forth above, then OWNER may file a legal action in a court of competent jurisdiction to review and determine the merits of City's decision and issue an appropriate judgment or decree.

18.6 In addition, any person who violates the Lincoln City Municipal Code, and development approvals, authorizations and conditions issued pursuant thereto, are subject to the enforcement provisions set out in the Lincoln City Municipal Code, as amended from time to time, including civil and criminal the penalties set forth therein. Nothing herein shall constitute an exclusive remedy and the City reserves the right to pursue any and all legal and equitable remedies in order to abate a violation of this Ordinance.

19.0 STATE AND FEDERAL LAW CHANGE. [ORS 94.504(2)(I)]

The parties agree that this Agreement is based on the proposition that the **Name of Project** will comply with City, Regional, State, and Federal policies, laws, and rules. If Regional Policy, State or Federal laws are enacted after City approval of this Agreement, which are applicable to and preclude either party's compliance with the terms or conditions

Ordinance Attachment 1 - DEVELOPMENT AGREEMENT FOR "Name of Project"

of this Agreement, or render compliance impossible, unlawful, or inconsistent with such laws or rules, or regional policies, this Agreement shall first be modified or amended, by mutual agreement, as is necessary, to comply or to sever provisions and give effect to the remainder of the Agreement. If such modification or amendment cannot remedy the inconsistency, this Agreement shall be revoked to comply with the relevant State or Federal laws or regional policies and regulations. Accordingly, if this Agreement fails in its essential purpose, then the parties shall be placed into their original position to the extent practical. If not practical, such revocation proceeding, caused without fault to either party, shall preserve to the extent possible under the law, an equal balance between the parties, with protection afforded the City and protection for the OWNER related to the development authorizations and improvements for which the OWNER has expended funds in good faith reliance on the governmental authorization.

20.0 EFFECT OF ANNEXATION [ORS 94.504(2)(L)]

Annexation is / is not necessary to authorize the development contemplated in the Name of Project as described and shown in the application materials, as amended.

If annexation is required:

The City's concern has been that after annexation is approved the OWNER will abandon the innovative and creative project which accompanied the application and simply sell the property to a new OWNER. Council sought to bind the OWNER to his representations and promises. Accordingly, the OWNER and City expressly agree in this negotiated Development Agreement, that use of the subject property is permitted only in accordance with the terms and conditions of this Agreement. This Agreement and approvals may be amended provided such amendments are consistent with the law in effect at the time of the amendment, to the extent of the amendment. The City is not required to amend the Agreement.

This Agreement contemplates that property which is the subject of this Agreement will be fully annexed into City as part of the terms and conditions of the Development Agreement. The required public hearings having been held concurrent with the approval of this Agreement, only the normal ordinance processes for annexation and withdrawal from Special Districts remains to effectuate the approval. The Annexation is more fully described in the Findings of Fact, Conclusions of Law and Order concerning the land use approvals, attached to the Ordinance declaring approval of this Development Agreement. This Agreement contemplates and provides for annexation of all portions of the Name of Project as a material term of this Agreement. Therefore, failure to accomplish annexation as contemplated will require amendment, modification, or revocation of the Development Agreement.

Ordinance Attachment 1 - DEVELOPMENT AGREEMENT FOR "Name of Project"

21.0 AMENDMENT, TERMINATION OR REVOCATION. [ORS 94.508(2)] [ORS 94.522]

21.1 OWNER and City, their successors and assignees may mutually agree to amend, modify, terminate or revoke this Agreement after compliance with the Ordinance amendment procedures identified herein, or as otherwise provided for in this Agreement. In the event of such mutual amendment, modification, termination or revocation, the parties shall be required to mutually agree as to any required allocation, return, or payment for public improvements, dedications or expenditures made in reliance upon this Agreement.

21.2 The parties hereto shall at all times strictly adhere to the terms and conditions of this Agreement. Amendment, termination or revocation of this Agreement shall be made by adoption of an Ordinance declaring the action and setting forth the terms and conditions. Unless another procedure specific to Development Agreements is provided in a City Development Agreement Ordinance, (and such procedure pursuant to ORS 94.513(1) is specifically contemplated and anticipated herein) the procedures and requirements for amendment, revocation or modification of a Development Agreement are the same as for approval of a Development Agreement, currently notice and hearing before the Council. Except as provided below, no modification, amendment or alteration in the terms or conditions contained herein shall be effective unless contained in a written document approved and executed by all the parties hereto.

21.3 Pursuant to ORS 94.518, except as provided in this Development Agreement, the local government law and policies governing this Agreement shall be those laws and policies in effect at the time of approval of this Development Agreement. Pursuant to the terms of this Development Agreement, generally, unless specifically inconsistent with the Concept Plan, PUD Preliminary Master Plan Master Site Plan, the law in effect at the time of subsequent development approvals governs those approvals. In addition, unless a reservation of legislative power is included in a Development Agreement, the Agreement is subject to a legal challenge as void or voidable for "contracting away the police power". Accordingly, the following reservation of power is included in this and in all City Development Agreements. City may apply subsequently adopted laws and policies to this Development Agreement if the City holds a public hearing proposing imposition of such subsequently adopted laws in an amendment of this Agreement and determines any one of the following:

- A.** The laws and policies are not in conflict with the laws and policies governing the Development Agreement and do not prevent development of the land uses, intensities or densities in the Development Agreement; or

- B.** The laws and policies are essential to the public health, safety, or welfare, and expressly state that they shall apply to a development that is subject to a Development Agreement; or
- C.** The laws and policies are specifically anticipated and provided for in the Development Agreement; or
- D.** City demonstrates that substantial changes have occurred in pertinent conditions existing at the time of approval of the Development Agreement; or
- E.** It is demonstrated that the Development Agreement is based on substantially inaccurate information supplied by the OWNER.

Nothing in this section shall prohibit the City from applying subsequently enacted laws to the Development Agreement in the event an amendment or modification of this Agreement is requested by OWNER pursuant to the terms of this Agreement. This Agreement specifically anticipates applying current health and safety regulations to any reconstruction of the project, should destruction occur, (e.g. current regulations will be used to guide re-installation of public infrastructure), when such compliance is possible given the physical parameters of the site.

22.0 RECORDING AND EFFECTIVENESS. [ORS 94.528]

22.1 Recording. The OWNER shall provide the City an executed Development Agreement, unaltered except for changes agreed upon during consideration of the matter, or to correct typographical errors, together with executed and unaltered Exhibits, including legal description, prior to 5:00 p.m. on _____ (not more than 20 days after adoption of the Ordinance). City shall record this Agreement and Exhibits with the County Clerk as required by ORS 94.528 within ten (10) days of the execution of this Agreement by all parties. OWNER is solely responsible for recording costs. Any alteration or change to this Agreement not accepted by the City in writing shall render this Agreement and the Ordinance approving it, ineffective and recording shall not occur. If this Development Agreement is amended, canceled, modified, extended or revoked, the appropriate recording shall be made in the County records to reflect the action. The burdens of this Agreement shall be binding upon, and the benefits of this Agreement shall inure to, all successors in interest to the parties of this Agreement.

22.2 Finality and Effectiveness. The Ordinance declaring approval and adopting the Development Agreement is a final City land use decision on the date the Ordinance Second Reading and adoption is completed, the Ordinance and Findings are signed by

Ordinance Attachment 1 - DEVELOPMENT AGREEMENT FOR "Name of Project"

the Mayor and Notice of the City's Decision is provided. Notwithstanding the finality of the land use decision, the decision shall not be effective until the later of the following: the complete execution of this Development Agreement and Exhibits by OWNER and City; and (3) the finality of the Land Use Approvals defined herein. As used herein "finality of Land Use Approvals" means the date upon which the Ordinance is effective if no appeal is filed, and, if an appeal is filed, the date that all appeals are final. All timetables are tolled for the period of delay caused by any third party appeal; and the parties agree to an administrative addendum to restate deadlines for clarity after the resolution of any appeal.

23.0 ADOPTION OF ORDINANCE [ORS 94.508(1)&(2)]

City's Council finds that this Development Agreement is consistent with the provisions of the Lincoln City Municipal Code in place at the time of its adoption, and approves this Agreement by adoption of an Ordinance declaring approval of this Agreement, and supported by Findings of Fact, Conclusions of Law and Orders concerning the actions referenced therein. This Development Agreement is a land use decision under ORS Chapter 197.

24.0 ENTIRE AGREEMENT.

This Agreement incorporates or references all prior negotiations, correspondence, conversations, agreements or understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in, incorporated into, or referenced in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

25.0 SEVERABILITY.

If any clause, section, sentence or any other portion or any part of this Agreement is contrary to, prohibited by, or deemed invalid or null and void for any reason under any applicable law or regulation, such provisions shall be inapplicable and deemed omitted to the extent so contrary, prohibited, invalid or void, however, the remainder hereof shall not be invalidated thereby and shall be given full force and effect to the fullest extent permitted by law. In the event of such invalidation or prohibition, the Parties shall meet to discuss amendments and alternatives to address the deficiency.

26.0 JURISDICTION AND GOVERNING LAW.

The parties acknowledge that this Agreement has been negotiated and entered into in the State of Oregon. The parties hereto further agree that any and all suits or actions at law, not within the exclusive jurisdiction of the Land Use Board of Appeals, shall initially be brought in the Circuit Court of the State of Oregon for Lincoln County, or the United States District Court for the District of Oregon. This Agreement shall be construed and interpreted under the laws of the State of Oregon.

27.0 ASSIGNMENT/SUCCESSORS AND ASSIGNS. [ORS 94.504(k)]

This Agreement shall be recorded pursuant to ORS 94.528 in the Official Records of Lincoln County, Oregon and said Agreement shall run with the land. Such Agreement is binding upon the City and OWNER, their successors in interest, heirs, assigns and personal representatives. This Agreement shall be fully assignable, in whole or in discrete approved part (see the covenant of unified control), by OWNER and shall bind and inure to the benefit of OWNER and its assigns and successors.

28.0 NOTICES. All notices, demands, requests, or replies provided for or permitted by this Agreement shall be in writing and may be delivered by any one of the following methods: (a) by personal delivery; (b) by deposit with the United States Postal Service as certified or registered mail, return receipt requested, postage prepaid, to the addresses stated below; (c) by prepaid nationally-recognized overnight courier (such as UPS, overnight mail, or Federal Express), or be by facsimile transmission). Notice deposited with the United States Postal Service in the manner described above shall be deemed effective three (3) business days after deposit with the Postal service. Notice by facsimile or overnight express delivery service shall be deemed effective one (1) business day after transmission or after deposit with the express delivery service. Notice by personal delivery shall be deemed effective at the time of personal delivery. For purposes of notice demand, request or payment:

29.0 MISCELLANEOUS PROVISIONS.

29.1 Headings. The titles of the sections in this Agreement are inserted for convenience of reference only, and shall be disregarded in construing or interpreting any of its provisions.

29.2 Waivers. No waiver made by either Party with respect to the performance, or manner or time thereof, or any obligation of the other Party or any condition inuring to its benefit under this Agreement shall be considered a waiver of the rights of the other Party making the waiver. No waiver by City or OWNER or any provisions of this Agreement or any breach thereof shall be of any force or effect unless in writing; and no waiver shall be construed to be a continuing waiver.

29.3 Time of the Essence. Time is of the essence in this Agreement.

29.4 Calculation of Time. All periods of time referred to herein shall include Saturdays, Sundays, and legal holidays in the State of Oregon, except that if the last day of any period falls on a Saturday, Sunday, or legal holiday in the State of Oregon, the period shall be extended to include the next day which is not a Saturday, Sunday, or such legal holiday.

29.5 Construction. In construing this Agreement, singular pronouns shall be taken to mean and include the plural and the masculine pronoun shall be taken to mean and include the feminine and neuter, as the context may require.

29.6 Good Faith and Reasonableness. The Parties intend that the obligations of good faith and fair dealing apply to this Agreement generally, and that no negative inferences be drawn by the absence of an explicit obligation to be reasonable in any

Ordinance Attachment 1 - DEVELOPMENT AGREEMENT FOR "Name of Project"

portion of this Agreement. The obligation to be reasonable shall only be negated if arbitrariness is clear and explicitly permitted as to the specific item in question, as in the case of a Party being given "sole discretion" or being allowed to make a decision in its "sole judgment."

29.7 Cooperation in the Event of Legal Challenge. In the event of any legal action instituted by a third party or other governmental entity or official challenging the validity of any provision of this Agreement, or Ordinance adopting this Agreement, the parties agree to cooperate in defending such action.

29.8 Enforced Delay, Extensions of Time of Performance. In addition to the specific provisions of this Agreement, a performance by any party shall not be in default where such default or delays is due to war; insurrection, strikes, walkouts, riots, floods, drought, earthquakes, fires, casualties, acts of God, unforeseen governmental restrictions imposed or mandated by governmental entities other than the City, enactment of conflicting state or federal laws or regulations, new or supplementary environmental regulation, litigation or similar bases for excused performance which is not within the reasonable control of the party to be excused; provided, however, that the Parties agree to proceed in good faith in accordance with the terms and conditions of this Agreement.

29.9 No Third Party Beneficiaries. City and OWNER, and their successors and assigns, are the only parties to this Agreement and are the only Parties entitled to enforce its terms. Nothing in this Agreement gives, or is intended to give, or shall be construed to give or provide, any benefit or right, whether directly or indirectly or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as the intended beneficiaries of this Agreement.

29.10 Other Necessary Acts. Each party shall execute and deliver to the other all such further instruments and documents and take such additional acts (which in the case of the City, shall require adopting necessary ordinances and resolutions) as may be reasonably necessary to carry out this Agreement in order to provide and secure to the other parties the full and complete enjoyment of rights and privileges hereunder.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals on the day and year first above written. The date of this Agreement shall be the date on which this Agreement is effective (i.e. 30 days after it was approved by Ordinance at Second Reading by the City Council of the City of Lincoln City, Oregon.)

TIMETABLE OF DEVELOPMENT
PHYSICAL COMMENCEMENT AND COMPLETION

[ORS 94.504(4)]

This development will be constructed in discrete geographic phases as shown on Exhibit D (Concept Plan / Preliminary Master Plan / Master Site Plan) to this Agreement in accordance with the timetable of development set forth herein.

Physical commencement of construction of any phase of development shall occur on or before [REDACTED] from the effective date of Ordinance 20__ - [REDACTED] approving the Development Agreement. Surveying, soil testing, and authorized nuisance abatement activities do not qualify as commencement of construction. Failure to commence physical development shall cause the expiration of the Preliminary Master Plan / Master Site Plan) and shall require re-approval of the plan (and an amendment to this Agreement) in accordance with all current laws then in effect.

Completion of all infrastructure and vertical construction, for residential PUDs: except for detached single family units on individual platted lots, shall occur as specifically provided for in this Timetable of Development, and in no case later than fifteen (15) fifteen years from the effective date of the Ordinance 20__ - [REDACTED] approving the Development Agreement.

The Phase Schedule set forth below is the anticipated logical progression of the geographically discrete phases of development. Each discrete phase may however require infrastructure in other phases or in the common area and such extra-phase development must be authorized by construction plan approval and a written (blanket) easement benefitting the Phase. In this way the Phase moving forward is protected in the event other phases do not proceed or are conveyed as authorized in the Unified Control (Exhibit C), by judicial division or otherwise.

The Timetable contains some flexibility as described herein. Without the necessity of an amendment to this Agreement by Council, the OWNER may request an administrative adjustment to the Timetable of Development to proceed with a Phase or Phases out of the order set forth below. The Planning Director shall make the decision (as a minor amendment) on the adjustment as a Director's decision in accordance with the Code. Any adjustment shall maintain and not delay the construction of the prerequisite infrastructure and such infrastructure as needed for the applicable discrete Phase of development. The sequence may be in any order so long as the prerequisite infrastructure and other needed improvements are constructed to serve that particular phase. In addition, identified off-site improvements and payments with a time certain or specific trigger shall be made or paid as required. (e.g. if a condition requires payment with the first phase, that means any first phase). Further, the Unified Control (Exhibit C) authorizes conveyance of discrete phases in accordance with terms specified.

Prerequisite Work: List any soil testing, surveying or nuisance abatement or property maintenance required to maintain the subject property prior to development activities. (e.g. removal of invasive species / erosion control measures).

All timeframes below are measured from the effective date of the ordinance adopting the Development Agreement. Submission of a complete application for a Phase approvals shall be no less than 120 days prior to the approval date set forth below.

Phase	Approval of Master Site Plan,	Approval of Final Site Plan Tentative Plat (if any)	Infrastructure Completion / Final Plat(if any) /	Vertical Construction
1	Month/Day/Year	Month/Day/Year	Month/Day/Year	Month/Day/Year

Final Civil Plan Approval (construction authorization) and any associated construction permits must be obtained within ___ months (6 if not completed) of Final Site Plan Approval. Final Plat approval, if any, must be obtained within two years of Preliminary Plat approval.

Final Plat approval will not be approved without a Contract for Construction of Required Improvements with Financial Security for project infrastructure as well as a Contract for Installation and Maintenance of Plant Materials with Financial Security with respect to Phase 1 elements

Required Phase 1 elements include, but are not limited to:

- List elements in detail:

List additional Phases

Failure to strictly comply with this timetable of development requires an amendment to this Agreement and subjects the OWNER to then current laws, including but not limited to engineering construction standards, contrary to the ordinary protection of ORS 92.040.

Notwithstanding this provision, the Planning Director may extend, once, by no more than twelve (12) months, any *internal* project timetable in accordance with procedures then in

effect to extension of Preliminary Master Plan approvals.

The physical commencement deadline and fifteen (15) year completion deadline shall not be administratively extended.

After the construction termination date, no further development is authorized, except that building permits for single family units on individual platted lots shall be permitted on the subject. Any amendment to the extent of the Amendment shall comply with the laws in effect at the time the amendment is sought.

Failure of the timetable of development to list an element of the Project does not relieve or excuse the OWNER of the requirement to construct such improvement if the improvement is shown on the Preliminary Master Plan Master Site Plan as located physically within the Phase lines or adjoining right-of-way or is listed as a condition of approval for a particular phase or in the application materials and record.
